## What is EQ students?

EQstudents is a project whose main aim is to boost emotional intelligence (EQ) of children and adolescents by developing, testing and implementing a comprehensive system supporting development of EQ with active participation of primary and lower-secondary schools, parents, experts and project partners.

## Target Groups

- Primary and lower-secondary schools
- Headmasters/teachers/educators/specialists
- Primary and lower-secondary students

## Project Outputs

- Model of working with kids and teens
- EQ Assessment Tool for teens
- Training and professional development
- Hybrid game for children aged 11-15

## Project aims

- Develop, test and implement emotional intelligence (EQ) of school-age children.
- Increase capacity of school teachers, specialists for teaching children emotional intelligence.
- Support parents in raising emotionally intelligent kids.
- Protect the most vulnerable children from the impact of the pandemic threatening their growth and development.
- Promote the development of the emotional intelligence components in national education systems.
- Contribute to raising emotionally intelligent generations in the long-term perspective.
